

**Imagine it.** Your global supply chain digitized, automated, and operating in the cloud. This could be your reality and your results.

## 1 IMPROVED MARGINS

- **Reduce** broker product classification, broker import and documentation fees
- **Direct** file with customs and eliminate customs filing fees
- **Leverage** trade agreements to reduce duty burden
- **Utilize** duty deferral regime to minimize duty, fees, and 3rd party costs
- **Reduce** cost of Restricted Party Screening, including reduced chance of fines and penalties

## 2 REDUCED SUPPLY CHAIN RISK

- **Collaborate** with suppliers and multiple audit companies
- **Increase** enterprise-wide compliance levels through transparency and consolidated data
- **Manage** supplier and product risk assessments
- **Facilitate** quality control programs
- **Protect** brand by assuring adherence to export and import regulations

## 3 GREATER AGILITY AND VISIBILITY

- **Capture** cross-border transactions in electronic form
- **Enable** straight-through processing to increase speed while reducing cost and errors
- **Provide** real-time Global Knowledge® updates to instantly resolve issues and reduce delays
- **Real-time** communication with globally dispersed suppliers and internal teams
- **Visibility** provides greater predictability and reduces safety stock and in-transit inventory

Global trade can be complex and expensive.

Amber Road's Global Trade Management platform reduces direct costs, minimizes risk, and creates a faster, more agile global supply chain.
