100M parcels/yr

Transformation is achieved through digitization and automation

GEODIS

at a glance

- World freight logistics leader
- Presence in **120** countries
- Global Revenue of **€8.1 billion** (2017)
- **40,500** employees

Benefits

- **3x less Time and Cost** on Export Control
- **Mitigation of Fines & Penalties**
- Improved Supply Chain **Agility**
- Significant Risk **reduction**

Goals

- Automate SCO division processes with systemic export controls on transactions received on behalf of its customers
- Global coverage, 46 shipping countries, 115 importing countries

Challenge

With 300,000+ shipments per year and an increasing number of trading partners, export/import documents, licenses and compliance are hard to handle manually

Risks

- Penalties, fines, brand-risk, loss of privileges
- Costly, manual intensive and time consuming processes, inconsistencies

Solutions

Global Knowledge:
Regulations/Licenses /Trade Documents

Trade Automation:
Export Management

ABOUT AMBER ROAD

Amber Road's (NYSE: AMBR) mission is to dramatically transform the way companies conduct global trade. As a leading provider of cloud-based global trade management (GTM) software, trade content and training, we help companies all over the world create value through their global supply chain by improving margins, achieving greater agility and lowering risk. We do this by creating a digital model of the global supply chain that enables collaboration between buyers, sellers and logistics companies. We replace manual and outdated processes with comprehensive automation for global trade activities, including sourcing, supplier management, production tracking, transportation management, supply chain visibility, import and export compliance, and duty management. We provide rich data analytics to uncover areas for optimization and deliver a platform that is responsive and flexible to adapt to the ever-changing nature of global trade.
